INTRODUCTION

BUILDING our children's future

Thaimoli newsprint is going the distance to help our Tamil schooling children. Our focus is to bring knowledge, values and motivation to create a new generation of Indian Youth.

This newspaper was founded by **Tan Sri Datuk Seri M. Kayveas**. He was inspired by his very own experience of growing up in the estates and squatters where Tamil school was the only option.

Learning from his past, the President of PPP vowed to one day be in a position to design, mould and put in place the very building blocks for children in Tamil schools.

Today, through his unrelenting perseverance, Thaimoli which was set up in 2014 rose against all odds to be able to distribute free newsprints to 525 Tamil schools nationwide.

A total of **10,500 copies** of daily newspapers are distributed to these schools. Given an average of 3 students, 2 teachers and 2 persons at home are reading a single newspaper, Thaimoli has in less than 10 months clinched an average **readership of 70,000**

Based on the Feedback from our readers, teachers & parents who have also become fans of Thaimoli, **we are encouraged to go the full distance to reach out to 90,000 Students, 6000 teachers and 180,000 Parents.**

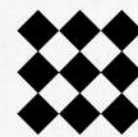

COMPANY INFORMATION

Organization Name

Akhbar Harian Tamil Thaimoli
